# SPECIAL ANNOUNCEMENT FROM OUR CON CHAIR

Welcome, esteemed guests and ghouls alike, to the 11th year of FurSquared!

With attendance also turned up to 11, we have expanded into the convention center across the street, where you'll find the "Talking Stage", Dealer's Den, Night Market, Registration, and have taken over two more (less Haunted) hotels. I hope you are all ready for a weekend of fun, friends, and frights!

Alongside all the entertainment put on by our incredible panelists and performers, we have some special events in store for you. Join our Guest of Honor, Lilia Roo, on an afternoon furwalk around the city and then dance the night away with our Artists of Honor, MAJIC Records. For the brave and curious, events with a paranormal flair have been highlighted in the schedule; if you're feeling fancy, a formal Masquerade

Ball will be held on Friday night. Dress however makes you feel your finest, only you can define that, but be sure to wear a mask! Each attendee will be given one at registration.

The FurSquared staff, volunteers, charity, panelists, performers, artists, hotel staff, dealers, and YOU make this weekend special every year. I don't know how to say this, but thank you all for existing. Together with the community and compassion we can make something beautiful in a world turning uglier every day.

May the decorative masks this weekend help us break away from the masks we're pressured to wear every day.

With love,

# MEET OUR GOH OF 2025 LILIA ROO

Lilia Roo is a software engineer from Milwaukee. First contributing back to the furry community in 2018 through short story writing, Lilia creates web services the local furries depend on, conducts research on old computer systems, and is a maintainer for open-source software.

Lilia has helped connect furries and non-furries through public furwalks, and has successfully persuaded the city several times now to better connect itself through new, tangible additions to bicycle and transit infrastructure.

Whether in the physical world or the digital world, Lilia has proven that improving the environment we live in is not just possible, but far closer in reach for us than we may

These donations will be counted and whichever performer raises the most money will earn a special placement and prize. Card donations can be taken in the back of the room during the event.

## Fursuit Dance Competition:

# GROWING A HUMANE COMMUNITY: 60 YEARS STRONG

This year is HAWS' 60<sup>th</sup> Anniversary. Like many things, we've gotten better with age!

Over these six decades, HAWS has grown into a vibrant community organization. Since our incorporation on July 22<sup>nd</sup> 1965, we've impacted the lives of tens of thousands of pets and their people. Our facilities and programs have continued to expand to ensure we meet the needs of the citizens of Waukesha County and beyond.

And we're just getting started. The future is bright!

Throughout 2025 we'll be sharing memories, stories, hopes and dreams - The 60 things we love about HAWS. We'll be celebrating the individuals, groups and initiatives that have made HAWS the leader in animal welfare; an open-admission, no-kill shelter dedicated to strengthening the relationship between animals and humans through adoptions and education - making a more compassionate community possible.

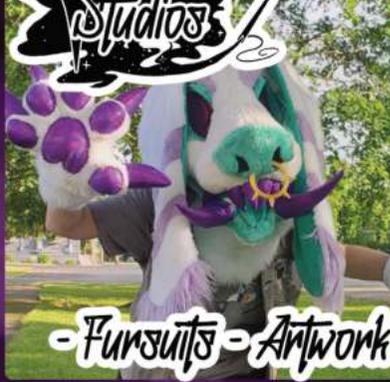

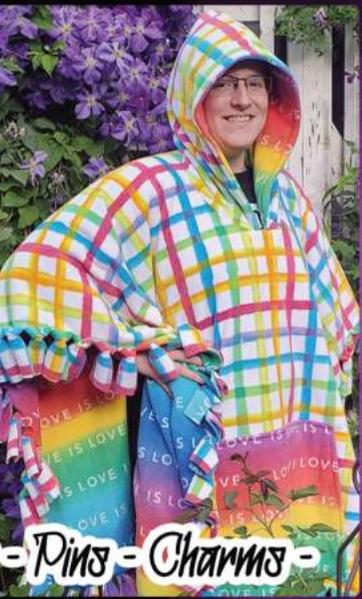

We are incredibly thankful to have reached this milestone, and invite you, our greatest source of support, to join us in a year of reflection and celebration!

We are proud to expand our con to the Baird Center this year! The Baird Center has its own security checkpoints for everyone's protection, including airport-style screenings, that are required for entry. Here are some tips for quickly getting through security:

1. The best rule is to leave any items you will not need for events in the Baird Center in your hotel room or with a friend outside the Baird.

2. The scanners are programmed to check for sharp objects. Do not bring any knives, box cutters, razor blades, or anything else that could be used as or resembles a weapon. This includes peacebonded weapons and toy

weapons.

3. You can get through faster by holding your pocket contents in your hands and placing them at shoulder level or higher as you pass through. If your hands set off the alarm, the guards will be able to quickly look and send you through.

4. Laptops, tablets, and other large electronics will set off the alarms and require a secondary check. If you do not need these for Baird Center events, please do not bring them for faster screening.

5. Outside food and beverage, outside of that needed for medical reasons, is not allowed. Medical food and beverage must be disclosed and shown to a security guard.

6. Fursuits are okay to be worn through the checkpoints!

## Con Ops

There may come a time you need a helping paw to point you in the right direction... and that's where Con Operations comes in!

Here to amaze and assist you with information and directions, our friendly Operations staff can be found on the 5th Floor in Founders, next to the Artist Alley. They will be happy to answer any questions you may have!
